

THE SENECA FALLS SUN

A PROGRESSIVE NEWSPAPER IN A PROGRESSIVE DISTRICT

Vol. 2, No. 25

White Rock, B. C., Friday, June 21st., 1940

\$1.00 per year, Single copy 5 cents

Many Reservations Made for Holidays

One of the largest crowds to be seen this season visited White Rock over the weekend. Uniforms were plentiful and beaches and picnic grounds were crowded.

Many of the visitors were formerly Birch Bay and Boundary Bay enthusiasts but the new resort has turned their thoughts to Canadian summer resorts. A good number who inquired at local real estate offices for summer residences thought all available cottages had been taken up but it is authoritative to state that there are many good places still available and reasonably priced.

Former Resident Visiting Here

Mrs. Wilhelmina Philips has arrived in White Rock and is staying with Mrs. North at the North Block. Mrs. Philips, who with her husband, the late Fred C. Philips, kept the late Fred C. Philips, visiting her in White Rock for nearly thirty years, has been visiting her son-in-law and daughter, Mr. and Mrs. Norman Coddington, at Honolulu, T.H., for over a year.

Mrs. Philips says Hawaii was lovely but the call to the North and familiar places and places drew her back here. She is planning an extended visit here and will probably spend the winter with relatives in the East.

Record Crop Maturing Rapidly

The fruit crop still continues to be well in advance of the season. Local gooseberries are on sale at most of the stores; local raspberries are ripening fast and local people have already picked red currants. In the prevailing ideal weather conditions raspberries are better than usual.

In the flower section, late summer flowers are delighting their owners by coming into full bloom several weeks ahead of schedule. Red collarette dahlias are an attractive early feature; many of the summer lilies have opened their silver-white bells, and hollyhocks, usually several weeks later, are already blooming in many gardens. Foxgloves are already exceptionally tall, and delphiniums are at the height of their blue glory.

Wedding Bells

BINGHAM — COOPER

On Saturday afternoon, June 19th, a quiet wedding was celebrated at Holy Trinity Anglican Church when Nora, only daughter of Mr. and Mrs. Thomas Cooper, was married to Mr. Peter Bingham, eldest son of Mr. and Mrs. Edward Bingham. Rev. Jeffcott officiated.

The bride wore a navy tailored suit with a picture hat and white accessories and corsage of pink roses. She was attended by Mrs. T. Hogg, who also chose a navy suit. Mr. Monty Bingham supported the groom. After a short honeymoon at Pender Harbour, the young couple returned to White Rock.

New Dance Hall To Open Sat.

The Evergreen Ballroom has its formal opening on Saturday, June 22. J. Carle, the manager, plans to make this event a gala occasion. The ballroom is being artistically decorated with cedar boughs, artificial maple leaves and balloons.

Mr. Carle announces that the proceeds of a dance in July and one in August will be donated to the local Red Cross. Watch this paper for further announcements.

The Rhythm Vendors' Orchestra will supply the music every Wednesday and Saturday throughout the summer.

W. R. Boys Join Naval Reserve

More White Rock lads have entered His Majesty's service. Jack Brydson, Ronnie Wilson and Beverly Wilkinson went to Vancouver and are now signed up with the Royal Navy Reserve. The boys will have to undergo a preliminary training course, probably three months, before going on active service. So enthusiastic are the lads that, other means of transportation being unavailable, they hitch-hiked to Vancouver on Tuesday for their first drill.

Box Social Nets Red Cross \$10

The Box Social sponsored by the Women's Institute and Legion Wava was a disappointment in one way only—the men were conspicuously noticeable by their absence. Only a few of the storeroom men were bold enough to venture among the many charming ladies and noted good cooks and openly showed their preference for certain artistic culinary masterpieces. However, the ladies themselves came boldly to the rescue and bid on their few like troopers, and the nice sum of over \$10 was realized for the Red Cross.

Zone Council Delegates Chosen

At the Zone Council to be held at Chilliwack on June 24, delegates A. C. Sheppard and Mrs. Bradshaw are president and secretary of the local Post. B.E.S.L. will be staunch advocates for increased measures for Civil Defence. They will also endorse a resolution asking that more action and expedited effort be put into Canada's war efforts.

It is reported by W. S. Bradshaw that all veterans in this district joining the Home Guard will be required to go before a Medical Board. Armouries, after June 15th, volunteers will have to report to the Point Grey Camp.

Community Club

The White Rock Community Club were the winners of the first prize for the best decorated car at the Cloverdale Carnival last Saturday.

Peace Arch Highway To Be Paved Soon

The Peace Arch Highway will be completely surfaced by the end of the first week in July, Hon. C. S. Leary, Minister of Public Works, said Saturday following the opening of bids on the work.

Four tenders were submitted on the 14-mile surfacing job. Mr. Leary said the contract will be awarded this week and the contractors will get right to work. In the last 10 days the public works department has been filling and grading old spots in the highway to get it ready for surfacing.

Bids for the work were: Dawson Wade & Co. Ltd., \$125,572.

Charter Halls Aldinger Ltd., \$126,226.

Columbia Bitulithic Ltd., \$130,127.

General Construction Co. Ltd., \$130,525.

New Name for Camp

W. S. Bradshaw announces that the name of his auto camp has been changed from "The Park Camp" to a more appropriate name, "The Pier Camp."

« White Rock Newsettes »

Mr. and Mrs. C. Winch and little daughter of Vancouver are vacationing at their summer home here.

Mr. and Mrs. Harry Anderson of Brighouse, accompanied by their son and daughter-in-law, Mr. and Mrs. H. Anderson and small daughter Sharon, spent the week-end at "Wayville."

Due to an insufficiently attended meeting, the White Rock Board of Civil Defence was unable to hold its regular meeting on Tuesday evening last.

Mr. and Mrs. E. Canfield and Miss G. Wells of New Westminster were visitors to "Wellsleigh" recently.

Mrs. George Gelliet of Victoria was a week-end visitor at the home of her brother and sister-in-law, Mr. and Mrs. W. Moore, "The Maples." Mrs. Gelliet was accompanied by Miss M. B. Lynne of Los Angeles, who is connected with the Cox Studios.

The annual run of smelts has already started and two fish-bats have been busy throughout the past week.

Spectators from the Pier report seeing a solid acre of the fish swimming along.

A good number of herbage were also noticed in the school.

"Mother's Bakery," White Rock, have added bread to their line of products. This new firm is located on the Bayview Rd., and handles a fine assortment of cookies and cakes as well as their bread.

The Hon. Mr. Asquith was the guest speaker at the Junior Chamber of Commerce meeting held at Cloverdale last Tuesday. Several local members were present.

Pee-Wees Win Over Cloverdale

On Wednesday, June 12th, two games were played at the local lacrosse box. The Pee-Wees, in their first league game of the season, were never pressed by the Cloverdale team and won by a score of 7-5. The White Rock Midgets were not so fortunate, however, being beaten by a fast, close-passing Port Kells outfit.

On Tuesday, June 18th, two White Rock teams played at Newton. In a closely contested game, the visiting Pee-Wees lost to Newton by a score of 5-4. The scorers for White Rock were: Leonard Collishaw (2), Joe Allen and Sonny Stephens. The local Juveniles "B's" were much less fortunate, losing out to the Newton boys by a score of 10-1.

Remember, two games are played at the White Rock Lacrosse Box every Wednesday evening and one every Saturday. Attend the games and show the local boys that you are interested in them.

The United Church Young People's Association brought their winter activities to a close by holding a picnic at Stanley Park last Monday evening. The company of 29 enjoyed fried chicken for their supper. The group will not meet again until next fall.

Councillor W. C. Frank announced this week that in the future a number of unpaved roads may be oiled, to try to eliminate the dust nuisance.

The municipal mower has done a good job in cutting down roadside weeds and grass. The ladies, no doubt, will be very appreciative of this action, as the wild berry vines, stinging nettles and so on, certainly play havoc with a nice pair of silk hose when stepping down from the sidewalks on Washington Avenue, or stepping aside to avoid a car on the sidewalkless upper roads.

The first in a series of amateur nights will be held in the White Rock Theatre on Saturday, June 22nd, at the evening show. This feature, in addition to the regular bill, should prove to be very entertaining.

Ticket number 888 wins last week's calendar program drawing. Next week a startling picture, "It was a captive in Nazi Germany," comes to the screen here.

May Queen Andrew Pinkney and her suite, chaperoned by Mrs. E. Standing, attended the Carnival held at Cloverdale last Saturday, in an official capacity, at the request of the Carnival Committee. T. H. Coldcott drove the party in the decorated Royal Car. Mr. Coldcott also loaned his car for the New Westminster Wavy Day and gave of his time in both cases to drive the Royal Party.

Contracts Let For New Schools

Contracts for \$121,465 worth of school construction have been awarded by the Surrey School Board. The awards were made in connection with bidding of Queen Elizabeth and Sennisho high schools and the Grosvenor road elementary school.

General contractor for the two high schools is A. W. Cassidy & Co. Ltd., Vancouver.

Contracts for the Queen Elizabeth School total \$65,045 and the Sennisho School \$59,180.

George H. Calder, Newton, was awarded the general contract for the Grosvenor Road School. Contracts total \$72,640.

Seats Arrive For New Theatre

The new Park End theatre, under construction by Fred Kallier, is rapidly nearing completion in readiness for the summer trade. All outside walls are up, the roof is finished, projection room, foyer and stage are ready for interior finish. Chairs for the new building have arrived and have been stored for the time being in the Kallier Block. These seats are of the air-cushioned type and represent a \$4000 investment.

Ant Extermination Formula Wanted

It seems that White Rock has already been invaded—and we don't mean the summer visitors. Local housewives are reporting hungry armies of ants swarming in their immaculate kitchens and "constant vigilance" is necessary to keep down the invaders. Various remedies are suggested, such as turpentine and fly-tox, but from personal experience we swear by the good old-fashioned "trap" of cayenne pepper. However, we will be glad to hear of other ideas, perhaps more efficacious. The sooner we start to exterminate this pest, the better.

W. I. Invests \$50 In War Savings Certificates

The Women's Institute held their regular meeting on Tuesday, June 19th, at the home of Mrs. Robson, Sunnyside Rd.

A motion was passed to buy \$50.00 worth of War Savings Certificates. The blanket committee reported that 25 blankets and about \$700.00 in cash had been collected during the drive in aid of the Red Cross.

Plans were made for the annual picnic to be held at Horseshoe Bay. The date will be announced later. Mrs. A. T. Brown was the winner of the competition for the best bouquet. A Ken Smallish addressed the meeting on Publicity and Advertising.

Mrs. Russell Rowley of Vancouver visited friends in White Rock last week.

G. R. S. SIMPSON, Editor A. KENT SMALLEY, Manager

To Secretaries of Organizations

The summer months will be busy ones for all of us, clubs and individuals. It is your editor's policy to give all organizations as much space as possible, but frequently news arrives too late for one week's publication and by the following is no longer news and therefore cannot be used. Secretaries or press correspondents are asked to write up meetings as soon as possible and to let the Sun have word of future events as soon as known. Deadline is Wednesday evening, so drop your communications at the post office or our office on Washington Avenue. We thank you!

Now - More Than Ever

For years we have been educated to the necessity of co-operating with the slogans "Buy B.C. Products," "Buy Empire Goods!"; "Buy Canadian Goods!". In a half-hearted manner most of us have followed this advice, but NOW! - MORE THAN EVER BEFORE it is imperative that we really buckle down and support our local, our national and our Empire industries.

In the beginning, the balance possibly tipped in in favor of American or foreign made goods, but that is past. Our products are equal to any, and in most cases are far superior. If we have not gone in for mass production - a charge often hurled at us by American economists - we have concentrated upon quality.

Patriotism, if nothing else, demands we keep our money as much as possible within our own boundaries, or those of our sister dominions. The driving necessity for thrifty purchases will reveal a benefit to our pocket books as well as materially aiding Canada's war effort, when we buy Empire produce.

Commonsense adds that we have everything to gain and nothing to lose. So be sure to "BUY BRITISH".

The Refugees Are Coming

Yes, the refugees are coming - to Canada, to South Africa, to the United States as soon as arrangements are completed. They are coming in thousands and tens of thousands, and homes must be arranged for them.

Last winter when a National Registration of Women took place, hundreds of Canadians signified their willingness to co-operate with the authorities in assisting these unfortunate people who have been driven from their homes. Of the 55 women who registered at White Rock, 90 per cent were willing to open their homes to the unfortunate children of the Mother Country or its Allies. At that time, the possibility of their coming was something to be considered in the future, but now, a few months later, that future is upon us.

Women who are able to take one or more children are being asked to make preparations. It is especially desirable to place children with other youngsters, as they can bridge the gap of unfamiliarity more quickly with companions of their own age.

And - when the children do come - remember the beautiful words of Juliana, Crown Princess of Holland, in her broadcast the other day, love the refugees but do not treat them as objects of pity. Show them true Canadian hospitality, and treat their own traditions and ways with respect.

Visitors Welcome

From The Editor's Mail Bag

The Semiahmoo Sun invites correspondence from readers on all matters of local interest but the editor does not necessarily endorse the views expressed.

Letters will be published over a nom de plume but the original copy must be signed with the name and address of the writer, for private reference, otherwise the material cannot be used.

The Editor:-

Dear Sir:

As a visitor to White Rock for the past 8 years I would like to make a suggestion or two that should meet with the approval of other visitors. If the long grass was cut on the parking lot between the station and the tennis courts it would help the motorists to park their cars and would be a lot easier on the bare feet of bathers. There is a large vacant lot between the Theatre and Kelman's Garage, that if cleared of underbrush and rubbish would make a parking lot and a picnic ground that would be full all summer. There are one or two large willow trees on this lot that could be left for shade.

Thank you,
Just A Visitor.

Dear Sir:-

Your editorial last week on Boy Scouts is timely. During the winter months the boys are trained in doors owing to weather conditions. This work is preparatory to the summer months and the boys are trained and ready for camp where they will be able to put into practice that which they have learned during the winter. In Great Britain scouts are doing service with the Home Guard, and we may

Flower Gardens

By Observer

Last Saturday I paid a special visit to the rose gardens in Stanley Park. Now if you want to drown out "war jitters", pay a visit to these gardens as they are at their best and thousands of blooms may be seen. I think this brilliant display is the finest to be seen in the west. It will do you a world of good to spend an hour or two looking over this "dream of heaven".

Each day brings new flowers and first thing in the morning I look to see what flowers are blooming. There's pleasure in monkeying around a garden especially during June.

need them here soon. Possibly the officers are too busy in the summer time, but if they would sacrifice self for service, they would be doing inestimable good for the boys.

Yours truly

F. L. Friend

Editor,
Dear Sir:

It has lately come to my knowledge that there are those in this district who are criticizing my efforts to treat the foreign born among us as human beings. If this continues these "I could and if I would and if I cared to speak" gossips will be invited to air their views in court.

My ancestors helped to establish British traditions in this country and I will not allow anyone to impugn my loyalty or my honour without vigorous protest. And I hope I will never forget that hospitality was considered one of the virtues among those traditions for which my forebears sweated and bled.

Yours truly,

Annie H. Foster

HOT NEWS!

What would it be worth to you to eliminate the daily, year in, year out trek from kitchen to barn and back again, as you trail the well-worn path of the dairy-utensil steaming chore? A lot, wouldn't it? Well, for just half what you imagine it to be worth, you can have this great convenience with an electric water heater.

Twelve gallons of pure, bubbling water heated to 180 degrees, ready for day or night service. Interested? Of course you are. A dairy water heater is one of the greatest improvements your farm can possess.

And you CAN possess one for very little.

Your B.C. Electric representative will answer any inquiries on dairy water heating.

Talk to him about it.

Doings Around Parliament

By Tom Reid, M.P.

Monday, June 10th.

It was a tragic day in parliament. First of all we had the news of Italy's entrance into the war and then news reached the house of the sudden death of the Hon. Mr. Norman Rogers, Minister of Defence and 3 others who were killed in an aeroplane crash. It was a saddened House which met and a crowded one too, out of respect to the late Minister parliament adjourned immediately after declaring war on Italy. This declaration was received by the members with a great pounding of desks.

The Hon. Mr. C. G. Powers, head of the air ministry, becomes acting minister of National Defence for the time being, but it is expected that later on some reorganization will be necessary due to the vacancy caused by this tragedy.

Tuesday, June 11.

The Defence of Canada Regulations which had been put into effect almost two years ago in preparation for war eventualities took the greater part of the day in discussions. The discussions arose in connection with a resolution introduced by the Prime Minister to have these regulations go before a committee of the House for discussion and if possible amendment. The

Poet's Corner

The Voice Divine

When weary souls in conflict sore
Sink down o'ercome with doubt and fear,
There comes a gentle voice most dear
To bid them rise and doubt no more.
That voice their sinking hearts doth cheer,
It fills with life their fainting souls
For 'tis the voice of Christ they hear
That high above the tempest roars.
O blessed Voice! O Love Divine!
That to this weary soul of mine
Brings words of hope and joy and love;
Oh let that sound be ever heard
Within my soul, till, like a bird
It soars to Paradise above.

Charles Hill-Tout

Prime Minister pointed out that it was interesting to note that less than a year ago numbers of communications were reaching the Justice Department protesting against these regulations and condemning the government for going too far. It different now, he declared, as the numbers of communications being received are advocating that these Defence Regulations do not go far enough. The seriousness of the war crisis is no doubt responsible for the change in public opinion and it is felt that in most quarters the government should take no chances either with alien enemies or any subversive efforts which might be detrimental to the state.

The Leader of the Opposition spoke following the Prime Minister giving figures showing that there are in Canada some 728,000 persons of German descent, and 140,000 of Italian origin.

The Prime Minister informed the members what steps had been taken to again urge the British Authorities to make greater use of Canadian industries in the manufacture of war supplies, and it seemed that it was not until the recent military disaster that action had been started.

Wed., June 12th.

Discussions were continued on the resolution to send to a committee the Defence Regulations. One outstanding speech made by Mr. A. Slaght, Liberal member for Parry Sound, suggested that the fear of God be put into all those in this country who have any notion of sabotage or subversive actions, by letting them know that their career will end at the end of a rope.

The house adjourned shortly after 5 to attend the Hon. Norman

Rogers' funeral.

Thurs., June 13th.

Mr. King announced that Col. Ralston had accepted the position of Minister of National Defence. This was received with great applause. Col. Ralston came back from a private life to take the position of Minister during the war, and goes to his new position with, I believe, the confidence of the people.

Hon. Mr. Power, Minister of Air Defence said he had received a wire from the Attorney-General of Ontario demanding rifles to equip local groups for defence. The Minister stated that all the rifles in Canada that can be spared, have been sent overseas to help out the Mother Country. Mr. Power, declared the distribution of other rifles will be under the National Defence Dept. and not under the Attorney General of Ontario. This was applauded by both sides of the House. Another important announcement from Mr. Power was in regard to the Air Training Scheme. He pointed out that the plan is being speeded up and that training centres have been chosen by technical officers and warning members against pulling political strings in an endeavor to obtain something against the wishes of those competent to know their business.

The passport question is causing some difficulty with the matter still under advisement by the Canadian Government as to whether they will take action similar to that adopted by the U.S.A. recently. It is felt by some that any retaliation would be distasteful and harmful and so it is hoped some compromise in the matter may be reached.

Beautiful Columbia Icefield Highway New Thrill for Visitors to Rockies

The newly completed Columbia Icefield highway, leading northward from Banff and Lake Louise to the Canadian Rockies, will provide unique motoring thrills when it is officially opened for traffic in July. The new road, which cuts through one of the most beautiful sections of the mountain playground, furnishes direct access to the great Columbia Icefield, 150 square miles in extent, whose melting ice is the source of rivers which eventually find their way to three oceans, the Pacific, the Arctic and the Atlantic via Hudson Bay.

The highway runs through the very heart of the great mountain chain. It follows the valleys of a

succession of wild, towering rivers; skirts impressive, age-old glaciers; runs along the shores of tumbling streams and jade-green lakes; passes roaring cataracts and rapids.

This mountain region is not barren or colorless. Instead, beneath great snow-capped peaks are great spruce and pine forests, glittering glaciers, translucent bodies of water, peaks looking for all the world as though huge paint pots had been spilled down their cliffs and terraces. Bears, elk, moose and other big game can be seen along the roadside and there is good fishing in the waters of the district.

This new highway promises to be an important factor in attract-

ing greatly increased numbers of visitors to Banff Springs Hotel, Chateau Lake Louise and Canadian Pacific mountain lodges this summer. An interesting programme of special events has been planned in view of the record numbers of visitors expected from all parts of this continent and includes the Indian Days celebration at Banff, July 15-21; Trail Riders of the Canadian Rockies, July 26-30; Sky-Line Trail Hikers, August 2-5; Banff Golf Week, August 18-24; Alpine Club of Canada outing to Glacier Lake, July 14-20; and Banff School of Fine Arts, August 1-31. The annual Stampede at Calgary, Canada's greatest Wild West show, will be held from July 8 to 12.

"Better for Less"

Newssettes

A recruiting rally under the direction of the Legion of Frontiersmen will be held on the school grounds at 10:30 A.M. Sunday June 23rd. Lieut. A. Langley of the British Columbia Regiment D.C.O.R., and other speakers will address the gathering. Local men desirous of enlisting will be able to do so Sunday.

The White Rock Women's Institute have concluded their drive for blankets, in response to the urgent appeal from the Red Cross.

Twenty eight used woollen blankets were sent to headquarters. Cash donations enabled them to buy 16 pair of wool blankets. The W.I. wish to thank all those who so generously responded to this cause.

A public meeting will be held in the White Rock Hotel on Friday June 21 at 8 P.M. Chief Air Warden E. Morris will give an address on Civilian Protection work.

The meeting may appoint a district air warden for Unit No. 58.

Mr. D. Archer of New Westminster is holidaying at White Rock.

A while back we used to hear 'Let's have some action', believe me there's plenty of action right now.

The grim words of Winston Churchill in Tuesdays broadcast should bolster the determination of the British Empire to carry on to victory; those solid announcements sounded much better than listening to some American radio announcers whose hectic broadcasts of Allied calamities seem worded to give us the jitters.

When you hear these 'hot air', (seemingly German), announcers, shut off the radio with a vehement "phoney"

Take heart from the old adage "The British always win the last battle".

In last weeks issue, Comrade Wilson should have read Weston. Hope he's doing O.K.

Many a fellow has been ship wrecked on a permanent wave.

Let's see Canada rise to the occasion. General mobilization of man-power, wealth and machinery to put the lid on Hitlerism for ever.

People who meet you and say its 'to late', and bewail the situation should have a direct punch on the snout. Are we downhearted, NO!

Last all the ex-servicemen to circulate that sense of humor we cultivated overseas, the hotter the spot the more smiles and cheerfulness. Long faces wont help any, so "Smile darn you Smile".

It is stated that the 1st. Can' Division is in Iceland; well they are in good company, for I have mixed with them and I found them a true, kind, good living people.

The White Rock Auxiliary V.O.N. held its last meeting of the season on the 'Lodge' on Wednesday, Mrs. J. Houston presiding.

Plans were made for the Auxiliary's part in the garden party to be held at the home of Mrs. Wallace Ozzin Park on July 3. Mrs. A. K. Westland, convener of the affair to be given by the ladies of Peace Port, in aid of the Red Cross invited the Auxiliary to take charge of the refreshments and the invitation was accepted.

Pictures of breathtaking beauty, photographic from the natural splendour of B. C.'s beauty spots, appear in a special section incorporated in the May-June issue of "Telephone Talk," trade magazine published by the B. C. Telephone Company.

The issue of the magazine is dedicated to British Columbia and the 12 pages of photographs depicting the scenic charms of the province were made in co-operation with the B. C. Tourist Association.
